

# **Enhancing Readiness for Nationally Determined Contributions (NDCs) Implementation in Africa**

## **Addis Abeba**

# SOME CHARACTERISTICS OF BURKINA FASO NDCS

Burkina Faso's national contributions behave 2 components:

- **Mitigation Component**, which aim to reduce greenhouse gas emissions
- **Adaptation Component**, which aim to reduce the vulnerability of natural and human systems to the effects of actual or projected climate change

**REFERENCE YEAR: 2007**, date of completion of the second inventory of greenhouse gases in Burkina Faso.

**TARGET YEAR: 2030**

**INDC to NDC (2016)** with the ratification of the Paris Agreement (without revision)

# RESUME

SCENARIIII	% reduction	Investment Cost (in \$ USD)
SCENARIO 1 (Incon)	<b>6,6%</b>	<b>1 084 919 161</b>
SCENARIO 2 (Cond)	<b>11,6%</b>	<b>756 034 410</b>
SCENARIO 3 (Adap)	<b>36.95 %</b>	<b>5 804 949 915</b>

Sources of funding: Government of Burkina Faso, TFP, Climate funds

# IMPLEMENTATION OF THE CDN

## ➤ planned implementation device

### ☐ Implementing bodies

- A Coordination Unit is placed under the supervision of the SP-CNDD, in charge of coordinating and supervising (monitoring) the implementation of the different projects. This Coordination Unit will consist of three technical entities:
  - ❖ A **coordinating entity** responsible for programming the implementation activities of the various projects;
  - ❖ An **Adaptation Technical Unit** that will coordinate the implementation and follow-up of projects Adaptation component
  - ❖ A **Mitigation Technical Unit** will take care of coordinating the implementation and monitoring of Mitigation projects.

# IMPLEMENTATION OF THE CDN

- The experts within these units will cooperate closely with the executives (**FOCAL POINTS**) of the different ministries concerned that are:
- The Ministry in charge of Agriculture;
- Ministry in charge of Water Resources;
- The Ministry in charge of Animal Resources;
- Ministry of the Environment and Forests;
- The Ministries and Public Institutions in charge of Scientific Research and Technological Innovation;
- The Ministry in charge of Housing and Town Planning;
- Ministry of Health;
- Ministry of Energy;
- The Ministry in charge of Transport.
- NB:
- texts on their creation, attribution and functioning will be elaborated

# IMPLEMENTATION OF THE CDN

- Information and awareness-raising workshop for stakeholders on the content of the CDN
- Difficult implementation
- Lack of coordination between the actors.
- implementing bodies are not functional

# IMPLEMENTATION OF THE CDN

**Some challenges for implementation**

**Capacity building: Institutional and human;**

**Technical monitoring of CDNs and adjustment of assumptions: Compared to the current scenario;**

**Evaluation of emissions related to policies and strategies;**

**Follow-up of CDN implementation at sectoral level and aggregation at national level.**

**Partnership and funding research: recent accession of the country to the NDC partnership**

**JE VOUS REMERCIE**
