

# Sweden Project Inception Workshop

*Delivering Climate Resilient Development Policies in Africa  
2019 -2023*

**Focus Area 1: Technical support for integrated  
implementation of Nationally Determined  
Contributions (NDCs)**

# Contents

- Focus area overview.
- Support to member states to better align their NDCs with national development plans, Agenda 2063 and the SDGs.
- AUC Africa Climate Change Strategy.
- Gender action plan with detailed budget developed.
- Private sector engagement strategy developed.

# Focus area 1: overview

## **Expected outcome:**

Enhanced capacities of African member states to harness opportunities under the framework of the Paris Agreement

## **Proposed intervention:**

Assist member states with the implementation of nationally determined contributions for climate-smart investment in key development sectors

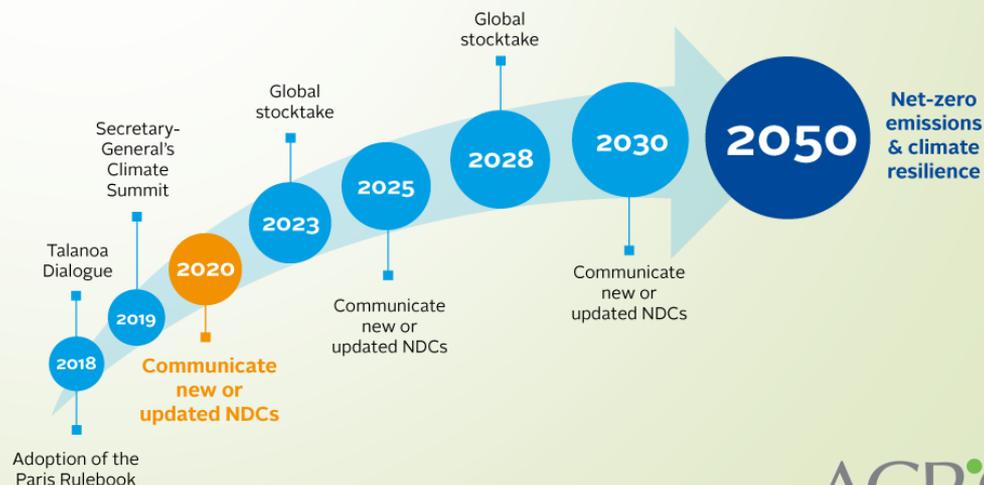

## Output 1.1.1: Align NDCs with development plans, Agenda 2063 & SDGs

- Develop a regional methodology for the revision, repackaging and resubmission of updated NDCs;
- Expert Group Meeting (EGM) to validate the NDCs revision methodology;
- Reviewing and repackaging of NDCs in 3 selected countries;

AMBITION MECHANISM IN THE PARIS AGREEMENT

## Output 1.1.2: AU Africa Climate Change Strategy

- In collaboration with AUC, support studies towards finalizing the draft climate change strategy in accordance with decision 5 of AMCEN-15;

## Output 1.1.3: Gender action plan with detailed budget developed

- Conduct a study on gender stakeholder analysis;
- Participatory gender-sensitive approaches for addressing key climate change-related impacts;
- Develop a gender mainstreaming strategy.

## Output 1.1.4: Private sector engagement strategy

- Private sector stakeholder analysis;
- Private sector and climate information services;
- Private sector and climate resilience investment strategies.
