

A large, scenic photograph of a waterfall cascading over a rocky cliff into a pool of water. A vibrant rainbow is visible in the mist at the base of the falls. The surrounding area is lush with green vegetation. A circular light blue overlay is centered over the image, containing the event title.

ADVANCING NATURE BASED SOLUTIONS FOR AFRICA'S DEVELOPMENT: REIMAGINING CONSERVATION

Tuesday 25 February 2020

From 13:00 to 14:30

Venue: Chipala Island 2

Join us in reimagining Conservation in Africa!

This event provides insights into a new initiative of UNECA to strengthen conservation as a vehicle for inclusive growth and transformation in for Africa, within an initial focus on Transfrontier Conservation Areas.

The event is facilitated by Dr. James Murombedzi, Dr. Brian Maguranyanga and Dr. Clara Bocchino.

The panelists, Dr. Morris Mtsambiwa, Mr. Charles Jonga and Dr. Shylock Muyengwa, share their reflections on current and shifting trends in conservation management, monitoring and reporting, and make a compelling case for innovative thinking and development of new matrix of protected area management effectiveness.
