

Strengthening leadership and institutional capacities for policy coherence in support of the SDGs

Regional Preparatory Workshop for Africa Voluntary National Review Countries:
Strengthening Integrated and Voluntary National Review and Reporting of the
2030 Agenda and Agenda 2063

24 February, Victoria Falls, Zimbabwe

Carina Lindberg, Policy Analyst, OECD Public Governance Directorate

Governance challenges in SDG implementation

Frequent governance challenges to be addressed...

SDG implementation efforts often disconnected from the mainstream policy agenda

Frequent gaps in leadership skills and competencies

SDGs often not yet integrated into core governance mechanisms (e.g. budget, public procurement)

Little tracking of SDG implementation and impact

Lack of accountability and inclusiveness

... by mechanisms to accelerate SDG implementation

Institutional coordination, robust mandate and policy coherence

Enhanced political culture as well as leadership, people management and technical skills

Budgeting for the SDGs to promote policy integration and ensuring continuity beyond electoral cycles

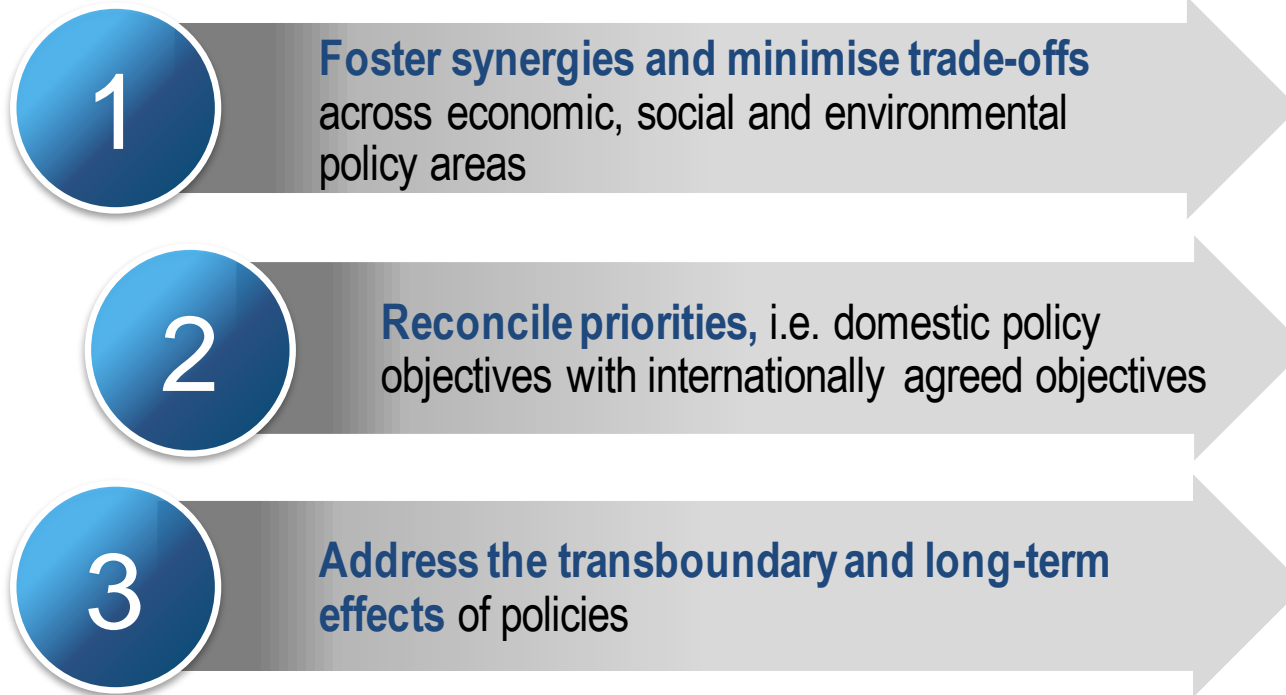

Monitoring and evaluation systems to track SDG implementation and take corrective action

Enhanced integrity, stakeholder participation and policies that leave no one behind

Policy coherence for sustainable development

PCSD is an approach and policy tool to integrate the economic, social and environmental dimensions of sustainable development at all stages of policy making.

SDG Target 17.14 Enhance policy coherence for sustainable development

Indicator: 17.14.1 Number of countries with mechanisms in place to enhance policy coherence of sustainable development

Based on evidence-based standards, tools and guidance

Eight Guiding Principles for Policy Coherence for Sustainable Development

I. A strategic vision for achieving the 2030 Agenda and SDGs in an integrated and coherent manner

1 Political Commitment and Leadership

to foster whole-of-government action for PCSD

2 Strategic Long-term Vision

to support policy coherence and orient the government and stakeholders towards SDGs

3 Policy integration

to capitalise on synergies and benefits across economic, social and environmental policies

II. Effective and inclusive institutional and governance mechanisms to address policy interactions

4 Whole-of-Government coordination

to mitigate divergences between sectoral priorities and policies

5 Subnational engagement

to promote coordinated actions and enhance coherence across levels of governments

6 Stakeholder engagement

to sustain broader support for PCSD and its implementation

III. A set of responsive and adaptive tools to anticipate, assess and address impacts of policies

7 Policy and financial impacts

to inform decision-making, increase positive impacts and avoid potential negative impacts

8 Monitoring, reporting and evaluation

to collect qualitative and quantitative evidence on the impact of policies and financing, and report progress on PCSD
